

SMART PASSENGER & CREW SCREENING AGAINST SANCTION LISTS

WISE simplifies global screening process for effortless flight operations. Specialized screening for Business Aviation, automating checks for passengers and crew against multiple Sanction Lists.

Always up-to-date

Daily synchronization with 10+ global sanction lists (UN, OFAC, EU). A scalable solution built to ingest new sources on-demand.

OCR Identity Recognition

Automate data entry by scanning Passports and IDs. High-speed OCR extracts traveler details instantly for immediate risk assessment.

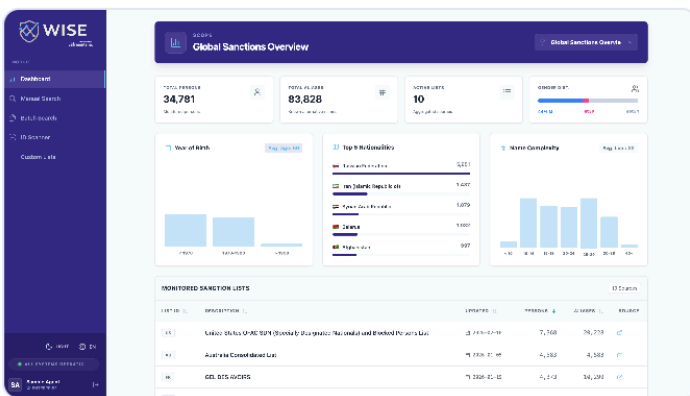

Custom List Management

Take full control. Manage internal whitelists to clear frequent flyers and blacklists for operational restrictions.

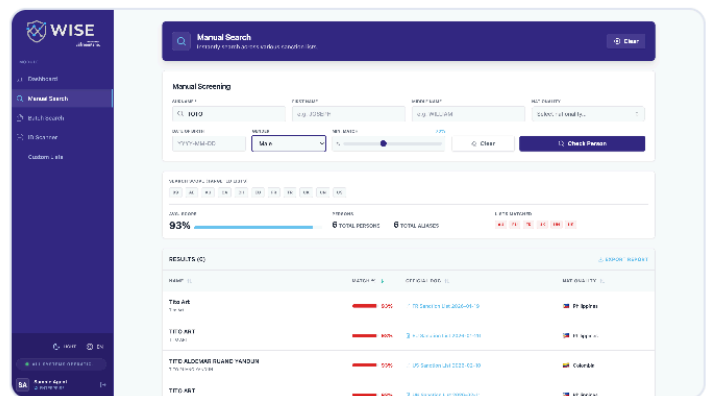

Batch & Ad-hoc Screening

Perform individual person checks or bulk screening via Excel/CSV uploads. Designed for quick flight ops readiness.
